Optical Module HS

Optical instruments and appliances for inspecting semiconductor wafers or devices or for inspecting photomasks or reticles used in manufacturing semiconductor devices

Optical module HS-codes is specialize in providing harmonized tariff numbers and commodity codes. Visit us online to get the various hs codes and commodity description.

Complete guide to Harmonized System (HS) codes for fiber optic products. Learn classification codes for transceivers, cables, and optical components.

Optical Fibers and Cables: Optical fibers, unassembled or not attached to connectors, are generally classified under HS Code 9001.10. This category includes optical fiber bundles or cables, ...

Currently, the U.S. import Harmonized Tariff Schedule (HTS) code for optical modules is 8517.62.00.90. On the U.S. HTS website https://hts itc.gov/,searching for "8517.62.00" shows the ...

Search Optical module HS Code on Seair . Get verified Optical module trade data with shipment records, exporter-importer details, and customs reports.

This item is a single mode transceiver in a small form-factor pluggable (SFP) module for serial optical data communications with an operating data rate of 11.3Gbps and transmission distance of up to 10 km.

HSN Code is a hierarchical system of product Classification, you can explore the hierarchy below of HSN code 85176290, the most popular HSN codes used for Optical Module.

Information and reports on Optical Module Imports Under Sub Chapter 8536 along with detailed shipment data, import price, export price, monthly trends, major exporting countries countries, major ...

HS codes for assembled optical components are essential for 2025 tariff compliance in international trade. These components, like mounted lenses, laser kits, and LED modules, primarily ...
