

CommScope engineers and manufactures a complete line of high quality fiber pigtails

The Low reflection Termination (LRT).is designed for use on unused ports in systems where low back reflection is critical. See pdf datasheet link below for more info. This product is qualified for global ...

4Pcs 1.5 Meter LC Cable, SingleMode 9/125 Fiber Pigtail with 6 Color-Coded LC Patch Cord, Ceramic Ferrule Plug for Fusion Splicing Add to cart

FS fiber optic pigtails offer a fast way to make fiber optic communication devices in the field by fiber splicing, fully manufactured and tested by industrial standards.

Simplify fiber termination with ZERO Connect's high-quality fiber pigtails. Our single-mode and multi-mode assemblies, available with various connector types, provide a reliable, low-loss solution for ...

Whether you're looking for reliable single-mode transmission or high-speed multimode connections, our pigtails ensure seamless integration and superior performance for your network infrastructure needs. ...

Fiber Optic Interconnects, Patch Cords & Pigtails Not finding what you're looking for?

Prysmian offers an extensive range of optical pigtails for use in FTTx, telecommunications, data communications and CATV applications. All pigtails are fully qualified to Telcordia GR326 and ...

Choose from our selection of pigtails, including gauge siphon tubes, power cords, and more. Same and Next Day Delivery.

Pigtail kits shall be individually packaged with part numbers, descriptions, optical performance, and code 39 barcodes. Additionally, QR codes shall be provided to access supporting documentation.
