

GLSUN dual 1x2 fiber optic switch connects optical channels by redirecting 2 incoming optical signals into 4 output fibers. This is achieved using a opto-mechanical configuration and activated via an ...

RG-SF2920-8GT2MG2XS-P 8-Port GE All-Optical PoE Switch, 2 &#215; 5G Electrical Ports (Backward Compatible) Various port combinations, rate increase, installation in a concealed telecommunication ...

The LB Series Dual 1&#215;2 fiber optic switch connects optical channels by redirecting an incoming optical signal into a selected output fiber. This is achieved using our patent pending opto-mechanical ...

1x2 Wideband Optical Switch OSW-W1x2 optical switch is a high performance electro-optical device, with low insertion loss (typic...

It details various types of switches, including fast electro-optic and acousto-optic devices, compact MEMS and thermo-optic switches on photonic integrated circuits, and ultrafast all-optical switches.

Lightwave Link Inc. Single-ended MMF 1&#215;2 optical switch is designed for use in optical fiber communication networks and measurement instruments. The switch consists of two ports that ...

The CloudEngine S5755-H series high-quality optical port switches are a new-generation product launched by Huawei for the Wi-Fi 7 era. Built on Huawei's unified software platform and equipped ...

Lightwave Link Inc. 1x2 optical switch is designed for use in optical fiber communication networks and measurement instruments. The switch consists of two ports that selectively transmits, redirects, or ...

The D1x2 Opto-Mechanical Bi-directional Fiber Optic Switch connects optical channels by redirecting 2 incoming optical signals into 4 output fibers. This is achieved using a opto ...

GEZHI 1x2 Mechanical Optical Switch support all wavelength at 1260nm~1650nm, it offers ultra-high reliability, low insertion loss, fast switching speed as well as bi-directional performance.
