

The Red Lion N-Tron [®] Series 1005TX is a low cost unmanaged five port Gigabit Industrial Ethernet Switch. Housed in a hardened metal, DIN-Rail enclosure, the 1005TX is designed for use in mission ...

Built with a industrial-grade design and components, the device achieves Level 4 EMC to withstand surge and ESD from power and Ethernet ports. The industrial-grade ICs, together with extra heatsink ...

USR-ISF1005 Unmanaged Industrial Switch has 5 Megabit copper ports: 10/100 Base-T (X), adaptive RJ45 ports. Compatible with 10/100Mbps rate, with -40[°]C~85[°]C operating temperature, aluminum ...

Uncompromising performance for high-speed layer 2 switching in harsh industrial environments. Five 10/100/1000 BaseT RJ-45 ports. Store-and-forward technology with full wire speed communication. ...

The Connect-IT CT1005EX is an Un-Managed 5-port 10/100 C1D2 Ethernet Switch designed for use in industrial applications. Rugged construction ensures reliable operation under demanding conditions ...

Narrow Ethernet switch, five RJ45 ports with 10/100 Mbps on all ports, automatic data transmission speed detection, autocrossing function, and QoS

L6AS0F7 TI-SF1005 100M Ethernet Switch 5 Port Industrial Grade Ethernet Switch Network Splitter Hub TP Copper Alloy Shell (NO Power)

IGS-1005 Industrial Switch with 5 Gigabit Ports is featuring with 6KV surge protection, power redundancy, Power Fail relay, QoS, IP30-rated housing and wide operating temperature.

Buy 1005TX - N-TRON - Switch, 5 Ports, Industrial. Newark Electronics offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets & technical support.

USR-ISG series are 5/8 ports 100/1000M unmanaged industrial Ethernet switches. For hardware, the switches adopt dual power, finless, wide temperature and voltage design, and has passed rigorous ...
