

Fiber Mark cable markers are a non-adhesive identification system for fiber optic cable. Produced from heavy duty, precoiled plastic, Fiber Mark cable markers can be uncoiled, then snapped into place.

Cable Aerial Identification. Aerial Cable Markers.

Safety in fiber optic installation involves many of the same issues as installing any other cable, whether the cable plant is installed outdoors underground or aerial or indoors.

(1) Each length of cable must be permanently labeled OPTICAL CABLE, OC, OPTICAL FIBER CABLE, or OF on the outer jacket and identified as to manufacturer and year of manufacture.

Budco is a stocking distributor of aerial cable identification markers. We also can also customize your UV resistant cable markers with your company logo and name.
