

# Bahrain Programmable Adjustable Attenuator

This voltage controlled variable programmable attenuator can be bidirectional, depending on the power rating. Our programmable voltage controlled attenuators are manufactured to precise industry ...

Buy the latest Radio Frequency Attenuators products online at the Whizz Others Store in Bahrain with free delivery to any address across the country.

ADIsimRF is an easy-to-use RF signal chain calculator. It calculates Cascaded Gain, Noise Figure, IP3, P1dB and Power Consumption. The number of stages can be varied up to a maximum of 20. Stages ...

Especially the Keysight 84907L/024/101 Programmable Attenuator, 40GHz, 70dB, 10 dB Steps | Attenuators in Bahrain serving Manama, Al Muharraq, Ar Rifa", Dar Kulayb, Madinat Hamad, Madinat ...

Shop RF Programmable Attenuator 1-3800MHz 0-31dB Adjustable with 1dB Steps Digital Module with CNC Shell PC Controllable via MiniUSB 5V online at a best price in Bahrain.

GigaBaudics has delivered ultra-high-performance, multi-GHz programmable delay lines, attenuators and RF switching products for over 30 years, to a variety of customers that demand performance ...

The working frequency range of the RF attenuator module is 1M-3.8GHz, with 0.5dB stepping and low insertion loss. Large heat dissipation area, has better service life, no need to worry about heat ...

Our programmable attenuators offer outstanding accuracy, even at the highest attenuation settings and wide frequency ranges up to 67 GHz. These devices may be used individually or integrated into multi ...

Over 400 coaxial, surface mount, and MMIC attenuator models for 50-Ohm & 75- Ohm syetem including fixed attenuators, high-power attenuators, digital step / programmable attenuators, voltage variable ...

Wide Applicable: Variable attenuator use universal RP SMA interface, suitable for a variety of instruments. Attenuation Range and Step Size: The programmable attenuator has a attenuation ...
