

The ST Bare Fiber Adapter/Coupler is designed to connect bare (unconnectorized) optical fibers to ST (Straight Tip) connectors or directly to fiber optic equipment. It facilitates direct connections for tasks ...

Now you can test without terminating! The FiberConnect is the ultimate time saving solution for coupling unterminated fiber or optical components to test equipment.

We offer various connectors for terminating single-mode or multimode fibers. Custom bore diameters are also available. The BFAD is well suited to coupling light into a detector or fiber end scope with a ...

Simplex Bare Fiber Coupler, 2.20mm Jacket, Black. Flanged Bulkhead for SC Simplex Connectors, with Bronze Alignment Sleeve. Coupler for SMA-905 POF connector, brass housing with plating. TOSLink ...

The FC Bare Fiber Optical Adapter is designed to facilitate the ...

The Bullet[®]; provides a simple and easy method to quickly interconnect any standard fiber connector to a piece of unterminated (bare) fiber to meet service, test or communication requirements. A few ...

Optolock Bare Fiber Duplex Bulkhead/Coupler, 1.5mm Jacket Size, Black Part #: FF-BFOPTO-1.5

The FC Bare Fiber Optical Adapter is designed to facilitate the connection of bare optical fibers to other fiber optic equipment. It is compatible with FC connectors and can be used with both ...

Single mode & multimode couplers available online from Fibertronics with same day shipping. The available split counts are 1x2 and 2x2 or 1x4 1X8.

These products fit for optical fiber accessories required for building optical fiber networks, optical communication system, optical instruments, CATV, Fiber-optic broadband access network, optical ...

Constructed with a nickel-plated square metal housing and a high-precision zirconia ceramic alignment sleeve, this adapter ensures low insertion loss, excellent mechanical stability, and precise fiber core ...
