

# Bolivia Solutions Cold Aisle Armor for Data Centers

Adapt Versatile Aisle Containment Solutions for Both New and Existing Data Centers. Cool Shield(TM) products provide customers with versatile, turnkey aisle ...

Containment powered by T-slotted aluminum extrusion, twin-wall polycarbonate, precision-fit blanking panels, and configurable door systems delivers scalable, energy-efficient airflow ...

A highly engineered data center cabinet solution that delivers fast, built-to-order configurability, best-in-class strength, and scalability regardless of the application.

Adapt Versatile Aisle Containment Solutions for Both New and Existing Data Centers. Cool Shield(TM) products provide customers with versatile, turnkey aisle containment systems for new or existing ...

With aisle containment, the aisle is sealed off so the cold air is not mixed with the warm air in the data center. This is typically accomplished using ceiling panels above the aisle between adjoining racks ...

It maximizes the system's efficiency, minimizes its power consumption, and reduces its footprint, making it the perfect solution for medium- to large-scale data centers.

A modular kit of adjustable beams that connects aisle containment frame end kits and supports clear roof panels in an aisle containment system designed to optimize cool airflow between rows of rack ...

Minimize your data center's footprint, establish optimal operating efficiencies and save money with cold aisle containment. [Learn more here!](#)

THE GREEN GRID: ASHRAE Data Center Cooling Guidelines: Developed in collaboration with ASHRAE, this document provides best practices for data center cooling, including hot and cold aisle ...

Depending on your facility's layout, Armstrong Aisle Containment Solutions offer both Hot Aisle Containment (HAC) and Cold Aisle Containment (CAC) systems to suit new builds or retrofit ...

Cold Aisle Containment or CAC is a proven, relatively easy to deploy solution for effectively managing airflow within a data centre. A CAC system surrounds the cold aisle and it keeps cold supply air ...
