

Chilean 3-Year Warranty SFP Optical Module 400G

These small, modular optical interface transceivers offer a convenient and cost-effective solution for an array of applications in the data center, campus, metropolitan-area access and ring network, storage ...

The 400G QSFP-DD is a high-speed pluggable assembly designed for data centers and high-capacity network applications. It supports 400G Ethernet and InfiniBand HDR data rates, providing solutions ...

This module contains 4-lane optical transmitter, 4-lane optical receiver and module management block including 2-wire serial interface. The optical signals are multiplexed to a single-mode fiber ...

OEM Compatible transceivers have 3-year warranty, support 3 months unconditional return, 1 year replacement or repair. Brand transceivers have 1 year warranty. Stocks hold more than 200,000 ...

This module contains 4-lane optical transmitter, 4-lane optical receiver and ...

Have any questions? Talk with us directly using LiveChat.

Our experts can easily diagnose any SFP code-related issue and quickly resolve it. When you require a guaranteed and affordable service, feel free to contact us! Our mission is to provide innovative fiber ...

FS provides an expanding portfolio of 400G OSFP/QSFP112/QSFP-DD solutions featuring high-performance, high-bandwidth, and backward compatibility. The 400G transceiver modules are ideal ...

400G QSFP-DD FR4 is a 400Gb/s Quad Small Form Factor Pluggable Double Density (QSFP-DD) optical module supporting link lengths up to 2km SMF through duplex LC connectors.

Supplier highlights: This supplier is both a manufacturer and trader, offering full customization, design customization, and sample customization, primarily selling to India, Philippines, and Poland with a ...

All of our optical transceivers come with a lifetime warranty. The CT-400G-QDD-FR4 is a hot-pluggable QSFP-DD optical module designed for 400GBASE-FR4 Ethernet applications in data centers and ...

The 400GBASE-FR4 module, Duplex LC connector, up to 2km over parallel single-mode fiber. It is compliant to IEEE 802.3bs, 400GBASE-FR4 Spec of 100G Lambda MSA group, and ...

The 400g SFP modules produced by SULITON are suitable for most switch brands on the market, such as MSA, Cisco, Huawei, Juniper, Dell, Edge-Core and other switches.

Chilean 3-Year Warranty SFP Optical Module 400G

The transmitting end of an optical module converts electrical signals into optical signals, while the receiving end converts optical signals back into electrical signals. Optical modules are classified by ...
