

Contact Information for Pulsed Laser Diodes

AeroDIODE offers photonics solutions: precision & short pulse laser diode drivers, fiber modulators, synchronization electronics, laser diode sources.

Get in touch with your contact person. We will be happy to help you with your selection or work with you to develop a new laser diode that best suits your application.

Pulsed Laser Diodes and Modules Laser Diode FB-M905-200WHO-PLSD 4425,00 \$ More details

High power pulsed laser diodes (PLD) in different wavelengths. Single element or stack. The AlGaAs structure is designed for high reliability, temperature stability and good beam characteristics. Custom ...

Excelitas offers a wide variety of single channel and array variants of pulsed laser diodes. With central wavelengths at 905 nm and 1550 nm, and packages ranging from high volume SMD to hermetically ...

RPMC Lasers: Huge selection of Standard & Custom Solid-State Lasers, Diodes & Modules, designed for a variety of markets and applications.

This is the supplier profile of OSI Laser Diode, Inc., with address and other contact information, and with 10 registered photonics product categories.

OSI Laser Diode, Inc. (LDI) 850 nm laser modules are designed for use in fiber optic instruments where high optical power and low power consumption are required. All packages contain LDI's high ...

I'm interested in receiving a quote for High-Performance Pulsed Diode Lasers for Advanced Defense, Biomedical and Industrial Applications. Looking for something a little more custom? We completely ...

Here at DEI, you'll find instruments and modules including both pulsed & CW (continuous wave) current sources for driving laser diodes as well as pulsed high voltage sources up to 10,000 V used for ...
