

Specialized Products Company is a leading supplier of tools and testers for fiber optics, coax and electrical maintenance and installation jobs. GSA Schedule Holder.

Mouser offers inventory, pricing, & datasheets for Crimpless Connector Fiber Optic Connectors.

VersaBeam EBO Expanded Beam Fiber Connectors and Cables use lensed technology to deliver high-performance, low-maintenance, reliable and scalable fiber connectivity for tomorrow's data centers. ...

With proven field-installable connector technology, fiber terminations are fast, easy, and reliable. Corning high-precision mechanical splice technology enables fiber optic networks to be installed quickly and ...

Our standard and hex nut connectors come in a package that includes a fiber connector cap, crimp sleeve, and strain relief boot compatible with 3 mm furcation tubing. Both types of connectors have ...

The D4 Connector is an older generation single mode fiber optic connector with threaded body and 2.0 mm precision zirconia ferrule. We offer a crimp free and a crimp style version connector with various ...

With a decrease in installation time and low insertion loss, the OFIC system provides a good alternative to fusion splicing. Installation is as easy as strip, clean, cleave, cam, and crimp.

We terminate fiber optic cable with connectors that can mate two fibers to create a temporary joint and connect the fiber to a network gear or with splices

The MMC Jr. is a reduced footprint connector variant designed for minimizing space in areas such as transceivers, on-board optics, and module/cassette applications.

FLX Series fiber connectors are rugged, waterproof, and offer quick, tool-free termination. Ideal for FTTH, data center, military, and industrial networks.
