

DAC high-speed cable 400G specification model direct sales

400G DAC Cables from JTOPTICS are Direct Attach Copper cables ideal for short-distance, cost-effective connectivity in top-of-rack or intra-rack applications. These cables provide low-latency, high ...

Our OSFP Cable line-up is OSFP MSA compliant and protocol agnostic for worry-free integration into 200/400/800-Gigabit Ethernet and InfiniBand networks.

Our 400G QSFP-DD cables enable high speed and reduced power requirements for data centers at a cost-effective price. Rigorous cable testing requirement ensures cables with high ...

Innoptical provides high-performance 400G QSFP-DD direct attach cables for high-bandwidth connections in your data center. Experience low latency, seamless integration, and optimized ...

As next-gen data centers deploy faster speed in a tighter space, they need high performance cables that reduce power consumption, provide reliable operation and are low cost. Volex's QSFP-DD cable is ...

For pricing, call your Approved Networks sales partner, or Request a Quote from us

400G QSFP-DD direct attach copper cables providing low latency short-distance connections for high-performance data centers.

This DAC is compliant with IEEE802.3ck and SFF-8636 MSA standards. It is ...

3M(TM) 9V4 series 400G QSFP-DD direct-attach copper cable assemblies are passive copper cable assemblies are foldable and bendable with minimal performance impact.

Our 400G QSFP-DD cables enable high speed and reduced power ...

This DAC is compliant with IEEE802.3ck and SFF-8636 MSA standards. It is suitable for cost effective close range interconnections within equipment room of telecom operators or data centers, ...

The 400G QSFP-DD to QSFP-DD Passive Direct Attach Copper (DAC) Cable is a cost-effective solution for short-range, high-speed

DAC high-speed cable 400G specification model direct sales
