

Dimensions of AC-DC power supplies for field operations

Taiwan, GuangZhou and SuZhou. The product lines include AC/DC switching power supplies, DC/DC converters, waterproof LED drivers, adaptors, DC/AC inverters and battery chargers. We have over ...

The product family FIEPOS stands for decentralized field power supplies with protection classes IP54, IP65 and IP67. The FIEPOS Basic series offers one DC output and is available with a power of 360 ...

This ABLM regulated switch mode power supply (SMPS) supplies direct current voltage. It has a rated input of 100V to 240V AC, a rated output current of 0,42A at 24V DC and a rated power output of 10W.

QUINT POWER power supplies with maximum functionality QUINT POWER circuit breakers magnetically and therefore quickly trip at six times the nominal current, for selective and therefore ...

Our AC to DC power supplies transform alternating current (AC) into a stable direct current (DC) voltage, which is then be used to power electrical equipment in industrial applications. All of our AC-DC ...

Explore the features of the field mountable DN42xx power supply with IO-Link functionality using the interactive model below. Field mountable power supplies - localization saves on energy loss and ...

This product is part of the Modicon ABL range, an offer of power supplies for industrial use. It is a regulated switch mode power supply. It has a rated input of 100V to 240V AC and 140 V to 340 V ...

Military grade rugged AC to DC power supplies with single phase and three phase options. Wide rang of VAC input. Up to 5 outputs with voltage range of 5V, 12V, 15V, 24V, 28V, 48V and custom ranges. ...

The AW series offers a comprehensive line of full military AC-DC / DC-DC power supplies designed for use in airborne, ground fixed and surface ship applications The AW models employ field proven ...

The Autonics Switching Mode Power Supply (SMPS) which converts an input voltage of 85 to 264V AC 50/60 Hz to 5, 12, or 24V DC, provides power to field transmitters as well as other instruments. Even ...

The Javelin is a family of rugged COTS universal AC input, single DC output power supplies, fully capable of withstanding harsh environments and stresses found in many military and industrial ...

Renewable Energy Systems: Large AC/DC converters manage the power generated to feed into the grid in solar farms and wind energy installations. Military and Aerospace: High-power ...

Dimensions of AC-DC power supplies for field operations

Products AC-DC Power Supplies AC-DC Power Supplies Rugged, reliable AC to DC converters designed end-to-end for the toughest military applications. COTS and custom Military-Grade AC-DC ...
