

Broadex Technologies" high performance and cost effective 25G Optical Transceiver Modules are built utilizing our innovative SiPh and COB technology. These reliable and robust SFP28 modules support ...

QSPTEK offers a 25G SFP28 high-performance Active Optical Cables integrated cable that can provide an ideal alternative solution for high-speed cables and short-distance SFP28 optical modules.

We offer a comprehensive line of 25G transceivers, including SFP28 SR, LR Lite, LR, ER, BiDi, CWDM, and DWDM variants. Moreover, all 25G SFP28 modules comply with the SFP28 MSA, CE, FCC, ...

The 25g SFP28 modules produced by SULITON are suitable for most switch brands on the market, such as MSA, Cisco, Huawei, Juniper, Dell, Edge-Core and other switches.

SFP28 optical transceiver modules provide a transmission rate of 25 Gbps and use LC connectors. 25G BiDi transceivers always require paired sets: a -U must pair to a -D on the opposite end of the BiDi ...

25GE SFP28 Optical Modules SFP-25G-LR SFP-25G-SR (02311KNR) SFP-25G-ESR SFP-25G-LR-BXU1-I SFP-25G-LR-BXD1-I SFP-25G-eLR-BXD1-I SFP-25G-eLR-BXU1-I SFP-25G-SR ...

The SFP28 SR transceivers are high performance, cost effective modules supporting data rate of 25Gbps and 100m transmission distance with MMF.

For short reach applications, these devices are used with VCSELs and Photodectors for optical transmission over multimode fiber. Typical reach of these applications is up to 300 meters.

Reads from this address provide diagnostic information about the module"s present operating conditions. The transceiver generates this diagnostic data by digitization of internal analog signals.

FS 25G SFP28 optical transceiver solutions offer a wide variety of high-density and low-power connectivity options for 25 Gigabit Ethernet, telecom, and data center.
