

NEMA Rack Mount Enclosures are like the superhero capes for your equipment in industrial settings. They provide a shield of protection, keeping your gear safe from the villains of the ...

Schneider Electric USA. Discover our range of products in Racks and Enclosures: APC NetShelter Open Frame Racks, APC NetShelter SV Enclosures, APC NetShelter Specialty Enclosures, APC NetShelter ...

Manufactured from low maintenance High Density Polyethylene (HDPE), Rack Armour® guards are durable and extremely effective in preventing damage to racking uprights. Fully recyclable and non ...

Unlike traditional steel guards that transfer force into the rack and the floor, Rack Armour® protectors clip directly onto the upright. They use a patented energy-absorbing design to protect what matters ...

Each enclosure can be upgraded with a variety of options such as locks, latches, brackets, connectors, and thermostatic temperature controls. The ArmorLogix enclosures can easily be installed on either a ...

Unlike steel protectors that transmit the kinetic energy of an impact, Rack Armour redirects and absorbs the energy, reducing column and anchor damage. Fits all makes of pallet racking and is transferable.

Rack Armour® is the original polymer upright racking protector, with over 20 years of proven performance protecting exposed pallet racking uprights in warehouse and industrial environments.

With no need to repaint or replace fixings, unlike other upright guards, Rack Armour® is a cost-effective and low maintenance racking protector. Available in Hi-Vis Yellow and Safety Yellow as standard.

ICY DOCK Rugged Full Metal 8 Bay 2.5" SATA HDD & SSD HotSwap Backplane Cage for 5.25 Drive Bay - Tough Armor MB998SP-B. Heavy duty full metal construction with commercially designed for ...

Made from ballistics grade plastic, the Rack Armour® outer shell is shaped to divert impact energy around the rack leg instead of through it. Any remaining impact energy is absorbed by the interior ...
