

Nextrom is the leading global supplier of production technologies for optical fibers and fiber optic cables. We provide solutions and ...

A recirculating fiber loop is a fiber-optic setup that allows light to make many round trips through a segment of optical fiber. It is primarily used to study signal propagation over very long distances or ...

The manufacturing process of fiber optic cables is a fascinating journey involving cutting-edge technology, precision engineering, and strict quality control. In this blog, we'll take a closer look ...

Refer to the cable specification sheet for the specific allowed tension for each cable. Coils are required for all ribbon gel-free and gel-filled armor cables that are in a butt-type closure any other closure, or ...

One major advantage of fibre optic circuit links is their perfect immunity to electrical interference and stray pick ups. Standard "cable" links could be designed to reduce this problem, ...

In modern fiber optic installations, one of the most common yet underestimated mistakes is creating unnecessary loops or tight bends in the cable. These loops may seem harmless but can...

Discover how fiber loopback cables are essential for ensuring high-performance network testing. Learn about their role in diagnostics, troubleshooting, and maintaining signal integrity in ...

All fiber optic cables have specifications that must not be exceeded during installation to prevent irreparable damage to the cable. This includes pulling tension, minimum bend radius or diameter and ...

Understand what is Fiber Optic Loopback testing & cables. Know the necessity of a loopback cables and how to use it on fiber optic testing environment.

By utilizing fiber loopback cables, network professionals can efficiently diagnose and verify the operational status of fiber optic transceivers and network ports, streamlining ...

Nextrom is the leading global supplier of production technologies for optical fibers and fiber optic cables. We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon ...
