

Fiber Optic Sensor Sealing and Cutting Machine

Fiber Instrument Sales has a wide variety of fiber optic splicing equipment such as fusion splicers from AFL, Sumitomo, FITEL, and FIS. FIS also splicing tools and accessories such as cleavers, thermal ...

Fujikura fiber optic cutting equipment is particularly suitable for applications such as fiber laser maintenance, fiber optic sensor installation, fiber optic communication line construction, and high ...

All these products are characterized by flexibility, easy handling, and high precision; this is ideal for research and production in fiber optic technology. Ask our experts.

The high-precision fiber optic cleaver is an essential tool for preparing fiber for fusion or mechanical splicing. Our cleavers feature a long-life, multi-position blade and an automatic fiber scrap collector to ...

Our cutting-edge fiber stripping equipment is specifically designed for fiber optic coating removal, and we offer a comprehensive range of options. Discover our proven line of high-strength thermal ...

High-Precision Fiber Cleaver K1 Universal for Fiber Optic Hot Melt & Cold Welding, Built-in Waste Fiber Box, Single-Mode Multi-Mode Professional Fiber Optic Cutting Tool Equipped With One Spare Blade

The high-precision fiber optic cleaver is an essential tool for preparing fiber for ...

Neofibo has dedicated to become the Optical Fiber Polishing Expert for fiber optic polishing solutions and aims to make our customers' fiber connectivity more reliable.

We distribute fiber optic splicing equipment from Corning, AFL, Sumitomo, 3M, 3SAE, Fitel and more.

Find top-quality fiber optic cable cutting machines for precise and efficient fiber handling. Wholesale options available. Perfect for telecom and data center use.

The result is a clean, stripped fiber at substantially higher strength than any mechanical stripping method. The fiber is free of debris at 400x magnification. Equipped with a built-in, high-force fiber ...
