

The 1x16 cassette type PLC fiber splitter is specifically designed with a plug-and-play feature, allowing for rapid fiber deployment without the need for a splicing machine. This plug-in type splitter not only ...

JPT delivers precision fiber optic splitters with low insertion loss, excellent uniformity, and high reliability.

Explore CommScope's efficient and scalable fiber splice panels designed for seamless connectivity. Accommodating LC, SC, and MTP/MPO connectors, these panels are ideal for data centers, ...

Plug-in type PLC splicter also called LGX PLC splitter used to distribute or combine optical signals in FTTH deployment. It's usually installed in the wall mount Fiber optic distribution box to save time & ...

This 1x8 cassette PLC fiber optic splitter is with plug-in-play design which enables fast deployment of fibers without splicing machine. It can save time and space but still provides reliable protection for the ...

Deploying compact FS PLC Splitters to simplify your networks, perfectly fits your PON, EPON, FTTH, etc.

Our Fast Connect PLC Splitter is patented and features low cost by eliminating the need for 8 individual fast connectors. It delivers reliable performance with an average insertion loss $\leq 10.2\text{dB}$ and return ...

The LGX based PLC splitters are designed to integrate into pedestal, enclosure, rack, and MDU environments. Designed for controlled and uncontrolled environments these carrier grade splitters ...

Fiber optic splitters include PLC type fiber optic splitters and FBT type fiber optic splitters. Available in single mode and multimode with 900 μm loose tube fiber or 250 μm bare fiber connectorless or any ...

With more than 35 years of experience, Multilink can provide high-quality fiber optic splitters that meet your needs and promote efficient, cost-effective network expansion.
