

Fiber Optic Transmitters and Fiber Optic Switches

Mouser offers inventory, pricing, & datasheets for Fiber Optic Transmitters, Receivers, Transceivers.

ROBOfiber manufactures high quality fiber optic pluggable transceivers in a large variety of formats and speeds, including 400G, 100G, 40G, 10G, Gigabit, Fast Ethernet, SONET and Fibre Channel

The main application area is optical fiber communications, where fibers carry telecommunications signals and fiber-optic switches are used mainly for routing ...

Fiber optic transmitters convert electrical signals into optical signals for transmission over fiber optic cable. This enables high-speed, low-loss, and interference-resistant data communication across ...

Made with chemicals safer for human health and the environment. Manufactured on farms or in facilities that protect the rights and/or health of workers. Discover more products with sustainability features. ...

Fibertronics, Inc. fiber optic switches outpace traditional copper switches, leveraging the speed and efficiency of fiber optic signals. These switches are specially optimized to handle fiber optic ...

Managed and unmanaged Layer 2 and Layer 3 fiber optic Ethernet switches. With 10G SFP+ fiber optic transceiver modules, they meet your highest bandwidth demand.

FS offers a growing portfolio of optical transceivers, with speed range from 100M, 1G, 10G, 25G, 40G, 50G, 100G, 200G, 400G to 800G and beyond. The fiber optic transceiver modules can work in any ...

A fiber optic switch allows optical signals to be selectively switched from one fiber to another, while a fiber optic splitter divides an optical signal into multiple signals, allowing it to be ...

The main application area is optical fiber communications, where fibers carry telecommunications signals and fiber-optic switches are used mainly for routing optical signals.

Search DigiKey's expansive product index to find detailed product information and pricing on millions of in-stock products. We get technical, so you can search with confidence!
