

We terminate fiber optic cable two ways - with connectors that can mate two fibers to create a temporary joint and/or connect the fiber to a piece of network gear or with splices which create a permanent ...

These cold connectors are perfect for quick fiber connections at room temperature without needing expensive fusion splicers. They're widely used in fiber transmission systems, distribution racks, ...

FASTConnect field installable connectors include LC, ST, SC and are compatible with 250 &#181;m and 900 &#181;m fiber optic cable, solutions designed for quick, tool-less termination. Ideal for enterprise, FTTx, ...

Find professional-grade fiber optic termination kits equipped with visual fault locators, strippers, and precision tools for network setup.

The Quick Connect Fiber Optical Cold Fast Splicer Connector is designed for rapid, reliable fiber termination without the need for epoxy, polishing, or specialized splicing equipment.

FS Fiber Termination Kits (Fiber Splice Tray, Protection Sleeves, Fiber Connectors, Ferrules, Sleeves, etc) achieve faster fiber termination and higher performance.

Explore CommScope's versatile hardened Fiber Access Terminals--designed for quick installation, long-life service, and true network flexibility. Discover Prodigy&#174; fiber optic connectors, innovative fiber ...

Ideal for fast and easy fiber optic termination, with low insertion loss and high fiber retention. Perfect for indoor/outdoor use. Ideal for high-strength power distribution with its 600V rating and 100kA SCCR, ...

Widely applied in FTTH, FTTx, LAN, and telecom networks, this cold fast splicer connector is perfect for emergency repairs, field terminations, and both temporary and permanent fiber links.

The fiber optic quick connector/cold connector is a very innovative field-terminated connector, which contains factory-installed optical fiber, pre-polished ceramic ferrule and a ...
