

With outstanding bend performance, its bend-insensitive singlemode fiber and bend-optimized multimode fiber core ensure ultra-low Insertion Loss (max 0.3dB) and signal stability even at 10D ...

Featuring OS2 singlemode fiber and a variety of connector options, including LC APC, LC UPC, SC APC, and SC UPC, our pigtailed cables are ideal for use where fast, reliable data transfer is critical.

CommScope engineers and manufactures a complete line of high quality fiber pigtailed cables

We carry FO pigtailed cables with a length of 2.0 m in the fiber types OS2 (singlemode) and OM1 to OM5 (multimode) with all common connector types.

FS fiber optic pigtailed cables offer a fast way to make fiber optic communication devices in the field by fiber splicing, fully manufactured and tested by industrial standards.

Product Description Manufactured with Corning fiber, this 6 fiber, tight buffered singlemode Distribution pigtailed cable features a yellow jacket and LC/UPC (Ultra Physical Contact) connectors. 3 meter overall ...

Our selection includes three main fiber variants: 9/125um single mode, 62.5/125 multimode, and 50um OM3, OM4, and OM5. These pigtailed cables feature premium-grade jackets and are equipped with LC, SC, ...

Fiber optic pigtailed cables are tight buffered fiber cables with a pre-terminated connector on one end and exposed fiber on the other. Our fiber pigtailed cables are available in single mode fiber and multimode fiber ...

You can view all of our fiber pigtailed cables below or, if there is a specific fiber optic pigtailed cable you need for your optical fiber network, you can filter through our different fiber optic pigtailed cable categories using the menus ...

We supply the single mode 9/125, multimode 50/125, multimode 10Gb 50/125 and multimode 62.5/125 types fiber optic pigtailed cables. They are with various PC, UPC, and APC connectors respectively. ...
