

H3C switches are cost-effective, Comware-based networking devices used in campuses, data centers, and SMBs -- but they differ significantly from Cisco, Huawei, or Arista in management, ...

H3C industrial switches can operate in -40°C - 75°C environments for a long time, and use industrial components to reach IP40 rating. At the same time, with shockproof, anti-electromagnetic ...

Explore our range of switches designed for various networking needs. Designed for modern cloud data centers and smart campuses, these intelligent, ultra-wideband networks offer simplified, integrated ...

Compare all 13 types of H3C S5120V3 models for 2026: ports, SFP/SFP+ uplinks, PoE budgets, switching/forwarding, stacking, and a deep technical FAQ.

The document is a 2023 product catalogue for H3C products. It provides an overview of H3C's digital solutions including smart connectivity, cloud computing, intelligent computing, intelligent terminals, ...

Discover new levels of network performance, reliability, and scalability across data center, campus, and branch networking with the HPE Comware family of switches and routers based on h3c Comware ...

The S12500G-AF series switch includes S12504G-AF, 12508G-AF and S12516G-AF, which can adapt to the port density and performance requirements of different network scales, provide strong equipment ...

You want to replace 'H3C' 10GbE switches? The oldest one I am aware of is the first hardware release of H3C s5820, which wasn't that great. I'd suggest to buy Aruba 5400r for layer2 and 2x HPE ...
