

Installation Solution for 800mm Deep Intelligent Cold Aisles in India

Our solutions include everything from high-flow tiles to full raised floor systems including installation. Selecting the correct raised flooring components for your facility is critical to maintaining efficiency ...

We have a team of highly skilled professionals who carry the right tools and knowledge to equip your data centre with all the appropriate resources exclusively designed to maximize cooling capacity, ...

Hot Aisle and Cold Aisle Containment Systems are airflow management strategies designed to optimize cooling efficiency in data centers. By separating hot and cold air streams, these ...

For an efficiently working data centre, it is essential to have an airflow management system, and our hot and cold aisles provide the ideal solutions. All our products undergo a standard testing process to ...

To achieve further efficiency improvements, a data center should be designed as aisle containment, separating warm from cold air. By using the SCHROFF standard containment system in combination ...

Hot Aisle and Cold Aisle Containment Systems are airflow ...

Cold aisle containment can be implemented in both new and existing data centers, making it a flexible and adaptable solution that can accommodate changing IT loads and configurations.

Enhance data center cooling efficiency, reduce energy costs, and protect IT infrastructure with Airteknic's advanced hot and cold aisle containment systems. Customizable solutions, expert design, ...

Simple, fully integrated infrastructure - Racks, precision cooling, monitoring, cable management and power systems designed to work together, saving you time and money on installation and operation. ...

Our solutions include everything from high-flow tiles to full raised floor systems including installation. Selecting the correct raised flooring components for your ...

The dual sliding door is a premier solution for cold and hot aisle containment solutions. The door is custom designed and built to meet your data center's needs.

Optimize energy efficiency and reduce cooling costs with Netlab India's Cold Aisle Containment System Solutions. Discover advanced data center containment solutions designed to enhance performance ...
