

Israeli agent for high-speed optical connection 400G

As demand for high-speed, power-efficient optical interconnects rises, Lumentum is positioning its InP platform as a foundation for the next wave of AI data center growth.

Ben Moshe have a depth knowledge of the Israeli high-tech industries, and strong ties with all key developers in the electro-optics and imaging branch. Our clients includes OEM manufacturers in the ...

MODI"IN, Israel, Sept. 30, 2020 /PRNewswire/ -- DustPhotonics, a high-performance optical modules supplier enabling next generation optics, today announced the introduction of the QSFP-DD DR4...

Tritech offers a wide range of optical components, solutions and systems to the Medical, Industrial, Military, Communication and Automotive market.

By seamlessly integrating advanced silicon photonics, ultra high speed circuit and packaging designs, Hyper Photonix offers a comprehensive range of high-speed optical transceivers - with data rate ...

NADDOD offers a comprehensive range of 400G optical transceivers in OSFP, QSFP-DD, and QSFP112 form factors, designed for 400G Ethernet and InfiniBand NDR applications.

Eoptolink is proud to be a member of RBA, Responsible Business Alliance, formerly known as the EICC. It provides clear and measurable benefits for factories in supply chains, including increased ...

The research investigates network vulnerabilities from architectural to protocol to physical levels while assessing modern optical encryption techniques to generate advanced knowledge ...

Visit FICG Optical Transceivers to explore our full portfolio of 400G, 800G, 1.6T, and 3.2T solutions. As a leading electronics manufacturing service provider, FICG specializes in optical ...
