

Lightning Protection Monitoring Solution for Distribution Boxes

Introducing VFC Group's Smart Lightning Protection System, advanced lightning protection and peace of mind, without extra ongoing costs. It proactively monitors your grounding system, detects lightning ...

Surge Protective Devices are designed to protect against transient surge conditions. Large single surge events, such as lightning, can reach hundreds of thousands of volts and can cause immediate or ...

Protect against power surges and lightning strikes, ensuring durability and reliability. Our products are designed for both residential and commercial use, providing dependable protection under any ...

We take an approach to lightning protection to help customers identify the right solution for their needs. Our team of skilled engineers offers global technical support and several of our nVent ERICO ...

Its high-precision measurement (error $<0.1\%$), industrial-grade protection (withstand voltage 6kV), and open compatibility (MODBUS protocol) provide low-carbon and safe intelligent solutions for various ...

Our innovative, reliable surge protection solutions help reduce costly downtime by protecting sensitive electrical and electronic equipment against the damaging effects of transients.

Techwin Smart SPD products adopt the technology of Internet of Things big data, integrate lightning protection devices and lightning protection monitoring modules to form a new lightning protection ...

Whether it's adapting the design to local standards, adding surge protective devices, or adjusting box dimensions, their technical team works closely with partners to deliver custom-built solutions.

Our products and services include state-of-the-art lightning and transient monitoring solutions, sophisticated lightning protection system designs, tailored lightning risk assessments, and more.

Our LM-S lightning monitoring system provides the solution for recording and evaluating lightning strikes in exposed or widely distributed systems. Find out here how the lightning monitoring system works ...
