

Low-Temperature Resistant Spiral Tube for Broadcasting and Television Transmission

Shop Spiral Tube - Fluororesin, Heat Resistant from MISUMI. MISUMI USA has all of your Spiral Wraps needs covered, with over 3.8M high quality products and 80 sextillion configurable parts available ...

John Moncrieff offers quartz (fused silica) spiral glass tubes -- precision coiled and spiral-shaped tubing ideal for compact thermal / optical systems, heat exchangers, and decorative lighting.

Made from chemically-resistant, flame-retardant Teflon (PTFE), the tubing features a spiral-slit design that allows easy installation and flexibility. With excellent thermal stability and dielectric strength, it's ...

Richardson Electronics carries a wide array of products for these radio and TV based transmitters. Our tube technology can support transmitters/translators whether just a few watts or several hundred ...

High Purity Quartz Spiral Tube for Heat Resistance & Light Transmission is a spiral shaped quartz glass pipe made of high-purity silicon dioxide melted at high temperature and...

When it comes to Low Temperature Resistant Plastic & Rubber Tubing, you can count on Grainger. Supplies and solutions for every industry, plus easy ordering, fast delivery and 24/7 customer support.

1.1 This specification² covers several grades of minimum-wall-thickness, seamless and welded, carbon and alloy-steel tubes intended for use at low temperatures.

The ars web broadcast catalog pages are for radio and television broadcasters world wide that repair and replace vacuum tubes and related parts for broadcast transmitters.

Choose from our selection of spiral tubing, including spiral sleeving, chemical-resistant spiral sleeving, and more. Same and Next Day Delivery.

The spiral steel tube armored temperature measurement optical cable is a detection unit designed specifically for linear optical fiber temperature sensing systems.
