

Mauritius Yin-Yang Type Optical Attenuator Models

The new 2025 sc type attenuator offers a wide range of 1db to 25db options, making it suitable for various applications including optical communication and fiber optic networks.

Key attributes Type Fiber Optic Attenuator Connector Type LC/APC Use FTTH FTTx Model Number FTL-SCA-7dB Brand Name Flytoplink Place of Origin Guangdong, China Warranty Time 1 Year ...

Designed with the unique Yin and Yang SC/UPC connector interface, this attenuator ensures precise signal attenuation and seamless connectivity in fiber optic communication systems.

Jumping attenuator used in radar anti-interference: It is a variable attenuator with a sudden change in attenuation. It does not introduce attenuation normally, but suddenly increases ...

For anyone working with fiber optics who needs consistent, accurate signal attenuation, these LC/UPC attenuators are professional-grade components that get the job done right.

MU Yin-Yang Fixed Optical Attenuator 10pcs SM Fiber Attenuator Fixed value fiber optic attenuators can reduce the optical light power at a fixed level, for example, a 5dB SC fiber optic attenuator can ...

It comes in different types including SC, LC, FC, ST and MU. Based on the shape of ferrule shape, the fixed optical attenuator can also be classified as PC and APC with 8 degrees type.

Our YIN-YANG attenuators are available in various types, including SC, LC, FC, ST, and MU, ensuring compatibility with a wide range of systems and applications.

The Yin-Yang Type Fiber Optic Fixed Attenuator is a type of connector that has one end as an adapter and the other end as a connector. The attenuation value is adjustable.
