

Modular Power Supply for 24 Optical Ports of Core Switch

These switches feature hot-swappable power supplies and fan trays, which ...

Toputel Campus Switches TOP-S3230-28SX features with All-Optical Ports and ...

The GS-6322-24P4X is designed with two extractive power module slots to support Redundant Power Supply (RPS) mode or Extended Power Supply (EPS) mode via software setting to handle the ...

These switches feature hot-swappable power supplies and fan trays, which enable the switches to have a redundant, high availability architecture. The modular power design allows customers to use AC or ...

Its modular design includes unpopulated slots for power supplies, fans, and a VIM (Versatile Interface Module), allowing customized builds to meet specific deployment requirements.

CRS328-24P-4S+RM comes in a 1U rackmount case with 100-240 V AC 500 W power supply built-in. The device consumes up to 44 W leaving guaranteed 450 W (3x150 W per every 8 Ethernet ports) to ...

Order switches, expansion modules, power modules, and other components as needed. Before ordering an expansion module or power module, contact our online customer service team for the latest ...

The GS-6322-24P4X is a managed 802.3bt PoE++ Switch with dual modular power supply to promote power management efficiency and flexibility in large-scale networks.

The key power supply system based on HPS (Hitless Protection System) adopts a redundant design, modular hot-swappable, and supports seamless switching in case of failure without interrupting ...

Edge to core stackable platform, from 1 Gigabit to 100 Gigabit, all within 15.75in (40cm) of depth. A streamlined interface using certified profiles with settings for any AV or broadcast application ...

Toputel Campus Switches TOP-S3230-28SX features with All-Optical Ports and Redundant Dual PSU Modules Pluggable. It is Layer3 managed network switch, 24 x 1GE SFP ports, 4 x 10GE SFP+ ports ...
