

Discover JTOPTICS 400G DAC Cables for seamless, high-speed data transmission in scalable network environments.

Designed for high-speed networks, 400G QSFP-DD DAC assemblies are capable of supporting both 400 Gigabit Ethernet and InfiniBand HDR.

The 400G QSFP-DD AOC is a high-performance module for short-range multi-channel data communication and interconnection applications. It integrates eight data channels, each capable of ...

Volex, a leader in high-speed copper cable solutions, is revolutionizing the industry with its 400G Direct Attach Copper (DAC) cables. These cutting-edge cables are designed to optimize performance, ...

Configuring a 400G Ethernet DAC cable for your fixed switch becomes a convenient and reliable choice. The 400G Ethernet DAC is a short-range Ethernet technology based on high-speed ...

Siemon's 400G High Speed Cable Assemblies are offered in DACs (Direct Attach Copper Cables), ACCs (Active Copper Cables), AEC (Active Electrical Cables), and AOCs (Active Optical Cables).

As network speeds escalate to 400G and 800G, proper cabling infrastructure becomes critical for maintaining signal integrity and maximizing performance. Extreme Networks cables ...

Whether you're looking for direct-attach copper cables (DAC), active optical cables (AOC), or optical modules with fiber jumpers, we've got you covered. The Rollball flagship QSFP-DD DAC system ...

C-LIGHT 400G/800G DAC & AEC solutions deliver ultra-low latency, power-efficient, and cost-effective connectivity for AI clusters, HPC systems, and cloud data centers, supporting ...

High Speed 400G data rate DAC and AOC connectivity cables with QSFP format
