

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

These switches are equipped with 20 gigabit SFP ports plus 4 combo gigabit ports and a selection of 2 or 4 10G SFP+ ports, IP30 protection, fan-less design with redundant isolated power supplies.

Featuring a 10Gbps uplink, the IGS-1000-8T4X is suitable for connecting to an industrial backbone or high-capacity servers. Operating flawlessly across an extensive temperature range, it guarantees a ...

Our industrial layer 2 managed switch models feature copper Gigabit ports for high-speed device connections, and SFP slots that support both 100Base-FX and 1000Base-FX modules for long ...

In 1798, a British sea captain spotted a speck of land while sailing in the South Pacific Ocean. He dubbed it "Pleasant Island." But today, the island is known as Nauru. It's the third ...

As the world's smallest independent republic and third-smallest country by land area, our nation packs a wealth of culture, history, and potential into its 21 square kilometers. Home to just over 12,000 ...

The NVT Phybridge FLEX24-10G switch is the most versatile Power over Ethernet (PoE) switch on the market, designed to make IP/IoT deployments simple, secure, and cost-effective.

ORing offers a comprehensive portfolio of rugged industrial Ethernet switches, from cost-effective unmanaged and PoE models to advanced Layer 2/3 managed switches enabling precise control. Our ...

Our rugged 10G switches provide reliable performance for critical industrial networks. Equipped with advanced features like VLAN, QoS, link aggregation, and redundancy, these ruggedized 10G ...

Nauru, a small single-island nation in the South Pacific, is located about 25 miles south of the equator. It is a constitutional republic with a parliamentary system of government. Tourist facilities are available ...

Data centers and cloud computing: As core-layer devices, 10-gigabit switches support advanced functions such as virtualization and SDN, meeting the requirements of industrial internet platforms for ...

The Republic of Nauru is the world's smallest island nation with a population of just under 10,000 inhabitants.

Geographical and historical treatment of Nauru, including maps and statistics as well as a survey of its people, economy, and government.

Built to withstand extreme conditions on the factory floor, these unmanaged switches feature wide operating temperature ranges (from -40°C to +80°C), dual redundant power inputs, and highly ...

Discover the 13 best things to do in Nauru, from driving the short coastline to exploring WWII relics. Get to know the world's least visited country.
