

GPON OLT C+++ module features an SFP encapsulation type, ensuring high compatibility with most network devices. Its high power output, greater than 7db+, you can maintain a ...

Your key to simplified fiber networking. This GPON OLT Stick is a plug-and-play SFP module that transforms any compatible switch into a powerful OLT, offering a high-speed, cost-effective solution ...

Features & Benefits Supports ITU-T G.984.2 GPON OLT C+ application Single fiber bi-directional data links with symmetric 2.488Gbps Tx and 1.244Gbps Rx 1490nm continuous-mode transmitter with ...

Superxon GPON OLT SFP transceivers, compliant with SFP MSA, support single-fiber bi-directional data links with TX 2.5Gbps and RX 1.25Gbps. Hot-pluggable, 3.3V, and high-sensitivity APD. Get ...

The GPON OLT Class C+ HSC Huawei Optical Transceiver is a high-efficiency plug-in module specially engineered for Huawei's OLT systems. Designed for GPON fiber access networks, this SFP-based ...

With its compact design, the OLT Stick can be directly inserted into small-form-factor switches, replacing traditional large-scale OLT equipment. This plug-and-play approach enables rapid, on-demand fiber ...

Explore our range of high-quality GPON, EPON, and XG(S)PON OLT products. Find the perfect Optical Line Terminal solutions for your network needs.

The module is fully compliant with ITU-T G.984.2 for physical layer specifications, covering optical power levels, extinction ratio, and receiver sensitivity for both ONU and OLT roles, ensuring interoperability ...

Processor The SFP GPON Stick OLT is a compact, pluggable Optical Line Terminal designed for FTTH GPON applications. Packaged in a Small Form- factor Pluggable (SFP) module ...

The module provides a receiver burst-power-detect signal and a digitalized burst mode optical power monitoring function. The digital conversion of received ONU optical power is achieved through a ...
