

TRENDnet's SFP Single Mode LC Modules are compatible with standard SFP slots found on network switches and fiber converters. Each single mode SFP transceiver is equipped with a duplex LC fiber ...

Enter the SFP-1G-ZX transceiver--a workhorse module designed for long-haul single-mode fiber connections. This guide will demystify the SFP-1G-ZX, exploring its technical ...

1000BASE-ZX and Fiber Channel 1x SM-LC-L FC-PI. It is with the S P 20-pin connector to allow hot plug capability. This module is designed for single mode fiber and operates at a nominal wave length ...

Utilizing LC connectors and operating at a 1310nm wavelength, it enables high-speed data transmission over single-mode fiber for distances up to 80 kilometers. This module provides a reliable long-reach ...

Supporting 80km transmission over single-mode fiber at 1550/1490nm wavelengths, this module provides 22 dB link budget and multi-rate operation from 100 Mbps to 1.25 Gbps. LC/UPC connector ...

- o Duplex LC connector
- o Built-in digital diagnostic functions
- o Upto 80km on 9/125um SMF
- o Single power supply 3.3V
- o RoHS Compliant
- o Class 1 laser product complies with EN 60825-1
- o Operating ...

The SFP-S80-T is a high performance and cost-effective module for serial optical data communication applications specified for single mode of 1.25 Gb/s. It operates on +3.3V power.

Extend your network up to 80km with this 1550nm single-mode fiber transceiver. Hot-swappable design works with Cisco switches and media converters--ideal for long-distance backbone links.

This 1G BiDi SFP module provides 80km transmission distance over a single strand of single-mode fiber.

Our 1 Gigabit Singlemode SFP Transceivers offer high-performance, reliable connectivity for singlemode fiber optic networks. These transceivers are engineered for long-distance applications, supporting ...
