

CommScope offers a portfolio of bare and connectorized splitters/couplers in a wide range of styles and split ratios, and splitter modules for inside plant (ISP) and outside plant (OSP) applications that help ...

Custom manufacturer of optical beam splitters for semiconductors, electronics, and medical industries. Contract manufacturing services are also offered. Suitable for micro-electromechanical systems ...

Customizable fiber optic splitters for telecom operators, internet providers, system integrators, and equipment manufacturers worldwide. Our precision manufacturing process ensures consistent quality ...

Encased in durable ABS plastic modules, these splitters are ideal for applications such as FTTH, FTTX, PON, GPON, and other optical communication systems. Advanced PLC technology ensures low ...

Fibermart provides 1x24 Fiber Splitter Box 24 Fiber Type A Optical Distribution Box with good price & quality! 100% Tested and Free Shipping!

Ordering Information: LW-OSB-16C-XX-XX-XX-XX: Optical Splitter Box provides fiber optic cable management for the connection of distribution cables and drop cables via Insertion Module PLC ...

Explore our comprehensive selection of high-performance fiber optic splitters. We offer a variety of PLC splitter types, including ABS box, LGX cassette, and rack-mount options with multiple split ratios.

Optical beam splitters are used to split the fiber optic light evenly into several parts at specific ratios. Buy optical splitters and passive optical splitters at Cables Plus USA today!

The AOA single-mode Planar Lightwave Circuit Splitter (PLCS) is developed based on unique silica glass waveguide process with reliable precision aligned fiber pigtail in a miniature package, it ...

It is based on the planar waveguide technology, where a lightwave circuit is created on a small chip that splits the incoming optical signal into two or more output signals with precise and equal power ...
