

Browse a full range of UV-Vis Spectrophotometers products from leading suppliers. Shop now at Fisher Scientific for all of your scientific needs.

The P6 UV/Visible single beam spectrophotometer is an easy to use instrument with advanced performance. Provides several basic functions, such as photometry test, multi wavelength scanning, ...

Find the right UV-Vis spectrophotometer to meet your research, chemical analysis, or quality control needs.

The Olis DB 620 UV/Vis Spectrophotometer is our small scanning dual beam absorbance spectrophotometer, optimized for microsecond kinetics and so stable and noise-free that it is ideal for ...

Use the UV/Vis Spectrophotometer Finder to quickly select the correct instrument for your needs. Our spectrophotometers measure the intensity of light before and after passing through a sample solution ...

UV/Vis spectrophotometer software automatically collects measurement data, supports enhanced visual interpretation of the spectra, and carries out automated calculations.

The Spectroquant Prove 600 plus is the best choice for those who primarily use our broad range of Spectroquant Test Kits, or only perform UV/Vis measurements. The Spectroquant Prove 600 plus ...

Online shopping for Spectrophotometers - Spectrometry from a great selection at Industrial & Scientific Store.

The photoLab series portable spectrophotometers for the VIS and UV/VIS range offer the unique combination of systematic and spectral analytics with analytical quality assurance (AQA) and the ...

Choose Thermo Scientific UV-Vis spectrophotometers for quick, inexpensive, easy-to-use analysis of foods and beverages to assess incoming ingredients and outgoing product characteristics.
