

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission. Deploying compact FS PLC Splitters ...

These devices enable more effective monitoring and management of optical networks. They are available as components, in our quick connect cassettes, or in custom modules and rack-mount ...

PLC splitters can split or combine light from one or two fibers into multi-outgoing fibers uniformly over a wide spectral range with ultra-low insertion loss and low polarization-dependent loss. Our splitters ...

Fiber splitter solutions from Maxcom featuring PLC technology, low insertion loss, and high reliability. Ideal for CATV, RFoG, FTTx, and FTTH optical networks.

Spring Optical provides fiber optic splitters including PLC splitters and FBT couplers for FTTH and PON networks, offering low loss and stable performance.

Couplers, Splitters and PLC"s are passive optical devices that are used to split an optical signal into at least 2 and as many as 64 signals. They are widely used in FTTx architectures to provide service for ...

Dive into our online wholesale plc splitters products catalog on globalsources ! Source over 252 plc splitters for sale from manufacturers with factory direct prices, high quality & fast shipping.

To meet diverse project needs, FiberMania offers PLC splitters in a variety of configurations, including ABS modules, bare fiber types, LGX modules, mini modules, and rack-mount versions.

The Rack Mount PLC Splitter is suitable for FTTx projects, CATV or data communication centers. SOPTO supplies Rack Mount PLC Splitter that features Low insertion loss, Low PDL, Excellent ...
