

Panama After-Sales Service for Optical Cable G 654 E

2. What is G.654.E? G.654.E fiber is a fiber featuring low attenuation and large core area, and is best suited for terrestrial long-haul and high-capacity transmission links.

By deploying G.654.E fibre, the operator can maintain 800 Gb/s transmission over distances exceeding 600 km using only optical amplifiers, completely eliminating the need for regeneration.
