

Photovoltaic unmanaged industrial-grade switch

Our switches work straight out of the box--just connect your sensors, cameras, or machines with standard Ethernet cables. Ideal for fast-paced production lines where downtime costs ...

This industrial variable voltage PoE+ switch is equipped with a rugged IP40 rated metal enclosure, and designed to withstand a high degree of vibration and shock, while operating within a wide ...

The initial decision to make when selecting an industrial Ethernet switch is whether to go with a managed switch or an unmanaged switch. Unmanaged switches are simple, straightforward to ...

Thermal Imaging Technology Hikvision's Infrared Technology: Unrivalled environmental adaptability; Extended distance on perimeter protection; Stay ahead of the flames.

Digisol industrial switches consist of Unmanaged Din-Rail Industrial PoE Gigabit Switch, Unmanaged Industrial Switch, L2 Managed Din-Rail Industrial Gigabit PoE Switch & L2 Managed Din-Rail ...

This industrial variable voltage PoE+ switch is equipped with a rugged IP40 rated ...

Unmanaged switches play a critical role in OT networks. Learn how they affect reliability, scalability, troubleshooting, and cybersecurity on the plant floor.

Browse our industrial unmanaged switches, industrial managed switches, power over Ethernet PoE options, and din rail mountable industrial Ethernet switches below. Our solutions allow for a ...

In response to the growing demand for IIoT (Industrial Internet of Things) infrastructure, the IFGS-624PTF is designed for easy deployment of industrial networks with its Plug and Play capability. ...

PUSR's unmanaged industrial switches can be used in the field of industrial control and in harsh environments. It's easy to install, manage and maintain.

Maple Systems industrial ethernet network switches are built with industrial grade components, tested in-house, and certified for reliable operation in harsh environmental conditions.
