

Power supply for 8-port PoE switch

Compliant with the IEEE 802.3af/at PoE standards, the switch supports a total PoE power budget of 62 W with 30 W max per PoE+ port. When total power consumption exceeds 62 W, the intelligent power ...

Flexible, 8-port 2.5 GbE PoE++ switch with a 10 GbE RJ45/SFP+ combination uplink port that can be powered with PoE+++ or an AC power adapter.

Power up to 8 IP cameras, VoIP phones, WiFi access points, or other low voltage devices using this 8 Port PoE Injector. Pair with a 48V or 24V DC power supply to match your powered devices.

This plug-and-play switch comes with an external power supply and two detachable power cords: NEMA 5-15P and Schuko. Both power cords connect to the power supply's C14 inlet.

This 8 port Gigabit unmanaged PoE switch that allows for 10/100/1000 data speed. This switch operates on mode A or B and can be used to power PoE cameras, IP phones, and access points.

Power up to eight IP cameras, desktop phones, WiFi access points, or other low voltage devices through a network data cable using this Passive Power over Ethernet (PoE) injector.

Port 8 can deliver up to 12W of power when powered by 802.3at PoE+, 48V passive PoE, or the included power adapter*. (If the power source is 802.3af PoE, then the PoE output budget will be ...

This 8 port Gigabit unmanaged PoE switch that allows for 10/100/1000 data speed. This switch operates on mode A or B and can be used to power PoE cameras, IP ...

Shop DigiKey's large in-stock selection of Power over Ethernet (PoE). View inventory, pricing and order now for same day shipping!

8 PoE+ ports with 60W total power budget, and includes NETGEAR FlexPoE making it expandable to 90W or even 130W (w/separately purchased power supply modules).

Power up to eight IP cameras, desktop phones, WiFi access points, or other low ...

Self-developed power supply, high redundancy, providing a long-term and stable PoE power output. The user-friendly panel can show the device status through the LED indicator of PWR, Link, and PoE.
