

Get the best deals for Optical Transceivers at eBay . We have a great online selection at the lowest prices with Fast & Free shipping on many items!

The 16-slot fiber optic transceiver rack is a highly integrated fiber optic transceiver center device that can hold up to 16 units of 10/100M, 1000M self-adaptive multi-mode and single-mode optical fiber ...

2.5U 16-Slot Rack Mount SDI Transceiver is a centralized power supply conversion center used in the equipment room. It adopts centralized main and standby power supplies and can switch randomly.

A maximum of 16 adaptive multi-mode or single-mode optical transceivers of 10/prefix = st1 100M can be installed in one rack for unified power supply. This ...

The 16-plug-in optical fiber rack is a highly integrated optical fiber transceiver center device that can store up to 16 sets of 10M 100M or 10M/100M adaptive multi-mode and single-mode fiber optic ...

JTOPTICS 1.6T OSFP-XD DR8 optical transceiver, housed in an OSFP-XD package, is designed to enable 1.6T Ethernet connections over distances of up to 500 meters using single-mode fiber.

FiberMall OSFP-XD-1.6T DR8 transceiver is a high-performance optical module ...

FiberMall OSFP-XD-1.6T DR8 transceiver is a high-performance optical module with a maximum transmission distance of 2 km, suitable for high-bandwidth requirements.

1.6T OSFP-XD transceivers meet the latest OSFP-XD MSA standards. They feature firmware supporting CMIS 5.0 and newer versions. Choose our DR8 2KM MPO-16 SMF Transceivers for various ...

A maximum of 16 adaptive multi-mode or single-mode optical transceivers of 10/prefix = st1 100M can be installed in one rack for unified power supply. This not only reduces the connection lines, simplifies ...

Discover 16 channel optical transceiver solutions for reliable optical communication. Explore fiber optic transceivers with CE certification and 20km transmission for seamless data flow.

The MC-RACK-16 16-Slot Rack-mount Chassis is specially designed to accommodate Optcore card-type media converters for central power supply, saving space and power cables.

The 16-slot fiber optic transceiver rack is a highly integrated fiber optic transceiver center device that can hold up to 16 units of 10/100M, ...
