

IEC C13 and C19 clips and plug shields secure cords in place and restrict access to outlets on rPDUs to protect data center power consumption.

The Smart Tracker Remote Power Manager is a hardened, programmable outlet strip that enables power and control of up to 8 devices remotely.

Clips and plug shields to secure cords in place and limit access to outlets on rPDUs to avoid cords becoming dislodged or equipment being plugged in causing unplanned downtime.

Plug shields restrict access by blocking outlets to ensure additional equipment cannot be connected to a fully loaded rack PDU. Plug shields must be removed with a special removal tool providing ...

Keep your rack PDU plugs securely fastened with Raritan's SecureLock cords which use an integrated locking system to prevent disconnections in your data center.

Browse our products and documents for Rack PDU Accessories - Cord retention brackets and vertical-mount bracket kits to complete rack power distribution solutions.
