

We provide 15 categories of special optical cables covering power, communication, marine engineering and other fields, meeting the professional needs of different industries.

ZMS is a global top manufacturer of fiber optic cables, and in addition to popular models such as ADSS and OPGW.

ETK Kablo's special fiber optic cables are built to perform in mission-critical environments requiring uninterrupted communication and data integrity. Our designs withstand temperature extremes, ...

In Prysmian, we design our special fibre optic cables to overcome the obstacles presented in the creation of communication networks. We provide new solutions specifically for industrial, Oil & Gas, ...

OFS designs and manufactures HCS®; and other ruggedized communications-grade fiber optic cables and connectivity solutions for Industrial Networks. HCS optical fiber with its hard polymer cladding ...

In this comprehensive guide, we will explore specialty optical fiber cables in detail, including their types, features, applications, advantages, and considerations for installation and maintenance.

Discover the full range of Specialty Cable. Our Application Driven Cables feature dedicated types of cables to fit every projects needs.

Browse our optical communication connectivity products designed to help you enable your communication networks. Easily create a bill of materials list.

Communications Cables Our active optical cables (AOCs) and direct-attach copper (DAC) cables accelerate data connectivity for storage, networking, high-performance computing (HPC), and AI/ML ...

From armored cables to aerial cables, Fibicon offers a comprehensive selection of solutions that provide exceptional performance and durability. With our expertise in communication and fiber optics, we ...

HOC (Hone Optical Communications) special fiber optic cable means the optical cables used in special areas or need special structure and materials to meet the application environment.
