

Explore reliable FTTH terminal boxes for secure fiber termination and distribution. Wall-mounted design, robust build, for home and industrial optical networks.

We offer a wide range of 1-24 core FDB boxes and ODF cabinets for indoor/outdoor FTTH deployment. Durable, IP65 rated, and easy to install. Browse our models and get a wholesale quote.

Riteoptic fiber optic distribution box is used to connect trunk cable and distribution cable for indoor and outdoor purposes.

FDP420F is a subscriber optical fiber access box that is used to build at the first layer in the FTTH networks. It is designed for in-line application to provide a protected ...

Application Description: Optical Distribution Point ODP Box provides a connection point between distribution cables and drop cables at the subscriber access point in fiber optic network.

This optical fiber distribution box integrates essential functions--splicing, splitting, storage, distribution, and routing--into one wall-mountable unit. Its modular, user-friendly design simplifies network ...

FDP420F is a subscriber optical fiber access box that is used to build at the first layer in the FTTH networks. It is designed for in-line application to provide a protected access point between the feeder ...

Fiber Optic Distribution Box, 12 Port Wall Mount Enclosure with 12 SC APC Adapters, Singlemode, FTTH, IP65 Waterproof Outdoor/Indoor Use - 9.45" x 8.66" x 2.56"

It is designed to serve as a building entry point for FTTH applications but is also a perfect choice for all types of FTTH applications. The optical distribution box provides versatility, enabling fusion splicing, ...

The fiber splitter distribution box supports fiber splicing, splitting, distribution, "three in one" and fiber optic distribution box also offers solid protection and fiber cable management for FTTH network ...
