

The active optical cables have a standard SFF-8665 compliant QSFP28 port on the electrical side towards the host system. It contains four multi-mode fibers (MMF) optic transceivers per end, each ...

100G QSFP28 Active Optical Cables 4x25G NRZ, 100Meters (328ft) FIBERSTAMP 100G QSFP28 AOC active optical cable is used for short-distance interconnection between internal devices in data centers.

AECs sustain 8 lanes of 56G-PAM4 signal in each direction, providing bi-directional 400G traffic per cable and are ideal solutions for straight connections between ...

Last updated on Apr 29, 2026.

The main use of the cable is linking one 100G QSFP28 port to four 25G SFP28 ports, supporting 100G-to-4x 25G Ethernet interoperability. Featured with low latency, low power consumption, and high ...

The cable connects data signals of 8x25G NRZ from one single QSFP-DD end to two QSFP28 ends, which operates 4 x25G NRZ signals each. AscentOptics" high quality active fiber cable solutions ...

This cable offers versatile and adaptable deployment options, supporting a capacity of 100G. It can be smoothly connected to a wide range of devices within your network.

Dual 8 differential pair or single 16 differential pair wire with EMI shielding braid and LSZH or PVC jacketing. Flex Sleeves for 112G bundles. Mating Force: 40N max. Please note that the above ...

This section profiles 4-channel, 200Gb/s, QSFP56-based cables and transceivers using 50G-PAM4 modulation for Ethernet and/or InfiniBand from 0.5m-to-2km for use in 200GbE and HDR switches, ...

It features a parallel active optical cable with eight independent channels with multi-rate capabilities to 50 Gb/s PAM4 or 25 Gb/s NRZ per channel. Multichannel AOCs combining our vertically integrated ...

The QSFP DD AOCs operate up to 25Gb/s NRZ modulation and provide solutions up to 200Gb/s aggregate bandwidth, supporting 100meters over parallel multimode fiber.

The Extreme Networks Compatible 100G QSFP28 to 4 duplex LC Breakout Active Optical Cable operates over Multi-Mode Fiber (MMF). It complies with SFF-8436, SFF-8431, and QSFP MSA ...
