

# Where can I find indoor fiber optic cables for telecommunications

Understanding the exact measurements of different can sizes helps you make smarter purchasing decisions and avoid costly mistakes. This comprehensive guide breaks down everything ...

We sometimes use be able to instead of "can" or "could" for ability. Be able to is possible in all tenses - but "can" is possible only in the present and "could" is possible only in the past for ability.

DFT is a global leader in fiber optic cable, offering a comprehensive range of cables designed for various applications. These indoor fiber cables cater to both commercial and residential needs.

CAN definition: to be able to; have the ability, power, or skill to. See examples of can used in a sentence.

You use can to indicate that someone has the ability or opportunity to do something. Don't worry yourself about me, I can take care of myself. I can't give you details because I don't actually have any details. ...
