

# Zimbabwe Environmentally Friendly SC Fiber Optic Adapter

Products incorporating standard fiber optic connector types within an outer shroud or shield feature to provide increased environmental resistance are also included.

Automatic-shutter SC fibre adapters with ceramic alignment sleeves for low-loss simplex or duplex connections in single-mode and multi-mode environments.

This inline adapter provides the link between fiber networking devices, fiber optic extenders, fiber converters, SFPs and similar for a quick and simple fiber change-over.

Get low-loss fiber optic adapters/couplers with good repeatability and durability for precisely mating two ends of a fiber optic cable. Multiple connector options available.

Featuring a convenient push-pull mechanism, the SC Series is designed for single-mode, multi-mode, and APC applications and offers the most reliable optical fiber connections for Telecom, Datacom, ...

Our range of high quality SC adapters have high precision alignment sleeves for reliability and improved reconnectability. For single mode and multimode applications a ceramic sleeve is supplied.

Belden offers standalone Fiber Adapter modules for use in a variety of applications. Connector types include LC Duplex, SC Simplex, ST and MPO in multimode and singlemode for up to 12 fibers.

Adapters are used to mate two fiber optic connectors. They are offered in all major connector interfaces, including SC, FC, ST, LC, MTP and others. Hybrid adapters are also available for certain connector ...
